

NOTICE: ANNOUNCEMENT OF AVAILABILITY OF DRAFT WASTEWATER DISCHARGE PERMIT

PERMIT NO: WA-000194-5

APPLICANT: ConocoPhillips Pipe Line Company
Renton Distribution Terminal
2423 Lind Avenue SW
Renton, King County

ConocoPhillips has reapplied for a National Pollutant Discharge Elimination System (NPDES) permit in accordance with the provisions of Chapter 90.48 Revised Code of Washington (RCW), Chapter 173-220 Washington Administrative Code (WAC), and the Federal Clean Water Act. The wastewater, following treatment, must meet the requirements of the Washington State Water Pollution Control Act and applicable regulations for a permit to be issued. Following evaluation of the application and other available information, a draft permit has been developed which would allow the discharge of treated wastewater and stormwater to the Spring Brook Creek wetland.

A tentative determination has been made on the effluent limitations and special permit conditions that will prevent and control pollution. A final determination will not be made until all timely comments received in response to this notice have been evaluated.
